## Questions about court processes

For questions about court processes, contact the court where the filing is being made.

**Queen Anne's County District Court**  
410-819-4000

**Queen Anne's County Circuit Court**  
410-758-1773

**Court of Special Appeals**  
410-260-1450

**Court of Appeals**  
410-260-1500

General information about MDEC and e-filing is also available on the Maryland Judiciary website. [www.mdcourts.gov](http://www.mdcourts.gov)

# MDEC

## Maryland Electronic Courts and E-FILING

### QUEEN ANNE'S COUNTY

- What it is
- How it works
- How to use it

## What is MDEC?

Maryland Electronic Courts (MDEC) is a Judiciary-wide integrated case management system that will be used by all the courts in the Maryland court system.

## How it works

MDEC is a paper-on-demand system. Documents are filed and served electronically. Courts collect, store, and process records electronically, and can instantly access complete records. The official court record is the electronic file maintained on the court's servers.

## Who has to e-file?

Attorneys are required to e-file in counties where MDEC has launched. E-filing is mandatory in Anne Arundel County and plans are underway to expand to all counties on the Eastern Shore.

**Effective February 16, 2016, e-filing will be mandatory for all attorneys in Maryland who are filing in Queen Anne's County.** This includes all civil and criminal filings in the District Court and Circuit Court, and appellate filings at the Court of Special Appeals and the Court of Appeals that originated in Queen Anne's County. Please note: Nonpayment of rent cases are exempt from electronic filing until further notice.

Rule 20-106(b) sets out the circumstances in which a person required to file electronically may be excused from doing so. People who are representing themselves can decide to e-file, but once they register to e-file, they then must e-file.

## How to use it

MDEC works through the Odyssey File and Serve program, which is a Web-based application designed to allow registered users to file documents electronically and serve documents on other registered users.

In order to become a registered user, an individual must maintain a current email address and valid credit card for billing purposes.

Access to electronic records is also available. Attorneys or parties filing electronically in a case have full access, including remote access, to all case records in that action.

## Other things to know

- MDEC accepts the following credit cards for e-filing: Visa, MasterCard, Discover, and American Express. A 3.5% convenience fee is applied for processing by the credit card company.
- If a submission is not filed with the correct filing code, then the court has authority to change and accept the filing code, which may or may not result in additional fees being assessed.
- All submissions must contain an electronic signature, a certificate of service, and a certificate of redaction.

- New criminal and traffic cases are initiated by the court. Parties can electronically file subsequent filings after the case is initiated. For traffic cases, the citation number is the case number.
- In civil/family/juvenile cases, a person may electronically file initial and subsequent filings only.
- Pursuant to Maryland Rule 20-106(d)3, the clerk may destroy a paper submission after scanning it and verifying the legibility of the electronic version.

## How to start

For more information about registering to e-file, technical requirements, and processes, see:
