## office of communications and public affairs

The Maryland Judiciary's Office of Communications and Public Affairs (OCPA) provides **public affairs, educational and creative services** to the Judiciary. This office is the official liaison between the court system and the media, schools, community groups and general public.

We assist judges and staff with media and public relations. We inform the public about Judiciary services, programs and activities. We support Maryland Judiciary staff with their writing, editing, graphic design, video production, web pages, photography, and printing.
