Subject: REMINDER: CONNECT 2-Hour Hands-On Workshops (11/09-11/13) - REGISTER TODAY

Hello CONNECTors:

We want to remind you about the registration for the 2-Hour Hands-On Workshops. These workshops take place next week on Monday, Tuesday, Thursday and Friday. The Sign-Up Genius at the link below will show you the available 2-hour blocks of time. This registration will be open through the end of today.

These workshops are an opportunity to supplement your learning of CONNECT by working directly with instructors on specific areas that are a challenge for you. These are not formal training sessions; but instead, each 2-hour session will be an informal, unstructured format to receive additional instruction based on your questions.

You must have completed some form of training on the particular topic that you would like to cover – either in a classroom or online. You may extend this invitation to others who have completed online training or attended the classroom session and still need some additional assistance; however, we ask that you primarily consider it for supervisory/managerial employees.

Registration is required. All sessions will be at the JECC in Computer Room A. We ask that you reserve **only one spot** until we are sure that all have had an opportunity to sign-up.

Use the link below to register through Sign-Up Genius. You will only receive confirmation from the Sign-Up Genius registration site. CONNECT will not provide any additional notification.

www.SignUpGenius.com/go/20F0545ADA929A1FA7-connect3

Please contact us at connect@mdcourts.gov if you have any questions or challenges.

Thanks,
The CONNECT Team
