***Circuit Court for Cecil County partners with TheRecordXchange to streamline access to Digital Audio recordings of court proceedings***

December 15, 2017, Elkton, MD – The Circuit Court for Cecil County, today announced the official launch of its online digital audio sales and delivery solution in partnership with TheRecordXchange ([www.trxchange.com](http://www.trxchange.com)). This innovative online service will allow participants in court proceedings, including private parties, private and government attorneys and others to order audio recordings of a proceeding quickly and easily, make payment and have the recording delivered securely online.

“Our partnership with TheRecordXchange will allow us to provide greater access to Justice through the delivery of requested audio recordings via our secure website,” said Matthew Barrett, Court Administrator with the Circuit Court for Cecil County. “This site will eliminate the need to complete and deliver physical order forms, make in person payments or burn and deliver CD’s. With TheRecordXchange, the entire process is far more efficient for court staff and, more importantly, for the attorneys and litigants we serve”.

TheRecordXchange is easy to use. Simply access the court’s audio order form at <https://cecilcounty-md.trxchange.com>, complete the online form, make payment via credit card and create a secure account. Users have access to their account 24/7 via any computer, laptop, tablet or smart phone. Once the order is reviewed and approved by court staff, the digital audio recording is uploaded to the website. The customer receives an email notification and can log in to stream the audio or download the file. TheRecordXchange provides an online support tool that allows users to ask questions and obtain support if needed.
