*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings.

A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed.

For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments.

Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings.

A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed.

For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments.

Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings.

A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed.

For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments.

Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings.

A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed.

For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments.

Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings.

A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed.

For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments.

Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

*All major civil case types included (Tort, Contract, Confessed Judgment, Replevin and Detinue). For statistical purposes, two terms are used to categorize and count filings. A "case" refers to an entire civil action, with one or more plaintiffs and one or more defendants, within which cross-, counter-, and third-party claims might be filed. For example, in a case with one plaintiff and two defendants, there are two complaints (two potential judgments). Cross-, counter- and third-party complaints within a case similarly add complaint counts/potential judgments. Judgments may be higher than cases as cases may have multiple complaints.

**There is a judgment for each complaint in a case (see above footnote), and the sum of contested and uncontested judgments is the total number of judgments.

***Complaint/judgment-based (see explanation * above for difference between case and complaint); these counts are included in the Uncontested/Contested Judgments.
