RE: Maryland E-Recording Pilot Program

As many of you know, the Administrative Office of the Courts (AOC) is planning to launch a pilot e-recording program in Baltimore County in the coming months. Barbara Hansman is the project's manager and would like to set up a test demonstration on November 20th at the Judicial Education and Conference Center (2011D Commerce Park Dr.; Annapolis, Md. 21401) – provided there are enough interested participants.

If you would like to attend, please e-mail Barbara @ barbara.hansman@mdcourts.gov
