

# New PDE Search App starting in 2026

PDE Search is one of the apps available on the judiciary's portal. Starting in 2026 we will be migrating the PDE Search app from the old Weblogic app to a new React app.

- The URL for the main Portal page is [jportal.mdcourts.gov](http://jportal.mdcourts.gov)
- In Test, this URL is [portal.mdcourts.gov](http://portal.mdcourts.gov)

 [portal.mdcourts.gov/](http://portal.mdcourts.gov/)

The main Portal page has a menu on the left with links to the user's authorized apps. PDE Search appears when the user has the pdeSearch\_usr role.

## Old App

Portal's PDE Search menu item currently links to the **old** weblogic application that looks like this.

 [portal.mdcourts.gov/pdesearch/](http://portal.mdcourts.gov/pdesearch/)

## New App

The new test application resides at URL <https://portal.mdcourts.gov/pdesearch2/>

Because the main portal pages does not link to the new PDE Search app, you must manually enter the URL.

Once we go-live with the new version we will update the link on the main portal page.

The screenshot shows the 'Public Defender Eligibility Search Portal' interface. At the top, there are two icons: the Maryland State Seal and a stylized building icon, with the text 'v2.0.1' next to the building icon. The main interface is divided into two main sections: 'Search Method' on the left and 'Search Results' on the right.

**Search Method:**

- by Defendant Name
- by Case Number
- by Trial Court County
- by Specific Trial Court
- by Filing County
